360° MONITORING SUITE MS-360
WEB-BASED TOOL SUITE FOR HOLISTIC MONITORING

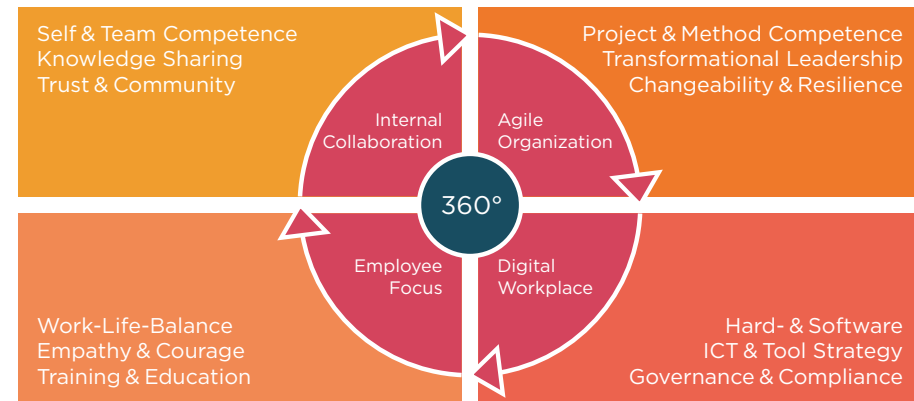

in cooperation with
MondayCoffee AG

**Walter Häcki, former Senior Vice President
Bosch Packaging Services**

“The regular visualization of organizational health trends provides me and my management team with a joint overview in the dynamic day-to-day business.”

BIG PICTURE & HOT SPOTS

- Reduce complexity by focusing on the big picture
- Early detection system for the visualization of hot spots
- Visualization of differences in the self-assessment of stakeholder groups

TREND & CONTINUOUS IMPROVEMENT

- Visualization of trend developments
- Continuous monitoring of the achievement of objectives and improvements
- Ongoing monitoring as evidence of active compliance and risk awareness

WEB-BASED 360° MONITORING SUITE

- Anytime – Centralized master data, automated and workflow-based surveys
- Anywhere – Remote access to questionnaires, master data and dashboard
- Any device – Microsoft 365 technologies (responsive design)

MWC MODERN WORK CARDIOGRAM

- The MWC is an efficient web-based tool for the holistic measurement of your organization's fitness in the area of Modern Work.
- Do agility and flat hierarchies fit together with data protection?
- Is the digital infrastructure ready for collaborative teamwork?
- And does it all fit the organization's ICT strategy?
- The MWC's dimensions answer such questions and show the holistic degree of maturity in terms of Modern Work.

Trend - Overall Fitness

	PoC	Feb-19	Jun-19	Oct-19	Feb-20	Jun-20
Agile Organization	2.7	2.8	2.5	2.7	3	3.3
